

Lexus *Under the Hood Heroes* Video MPI Contest

OFFICIAL JUDGING & SCORING RUBRIC

Important Notes for Judges

- Only videos that **meet all program technical requirements** (length, format, file size, releases, etc.) are made available for judging.
- Judges should **not** deduct points for technical compliance issues—those are handled prior to judging.
- Videos should be evaluated **from the perspective of a Lexus guest** receiving a vehicle inspection video.
- Scoring focuses exclusively on **clarity, professionalism, inspection content, explanation quality, and accuracy**.

Scoring Overview

- Total Criteria: 6
- Points per Criterion: 0.00 – 3.00
- Scoring Increments:
 - 0.00 / 0.25 / 0.50 / 0.75
 - 1.00 / 1.25 / 1.50 / 1.75
 - 2.00 / 2.25 / 2.50 / 2.75
 - 3.00
- Maximum Total Score: 18.00 points

Judges may award **quarter, half, three-quarter, or full points** based on how closely the video aligns with the performance descriptions below.

1. Introduction & Guest Context

Evaluates how clearly the Technician establishes purpose and sets expectations for the guest.

Score Range	Performance Description
3.00	Clear, confident introduction that immediately establishes the purpose, vehicle context, and value of the MPI for the guest.
2.00-2.75	Introduction is present and understandable but may lack polish, warmth, or complete guest framing.
1.00-1.75	Introduction is limited, rushed, or unclear; guest context is weak or missing.
0.00-0.75	Introduction is missing or incomplete.

2. Explanation of Inspection Findings

Evaluates how well observations and findings are explained to a guest audience.

Score Range	Performance Description
3.00	Findings are accurately determined using the appropriate Multipoint Inspection tools (e.g., tire tread wear gauge, brake pad wear gauge, etc.). They are explained clearly, confidently, and in a guest-friendly manner using plain language.
2.00-2.75	Findings are accurately determined using the appropriate Multipoint Inspection tools (e.g., tire tread wear gauge, brake pad wear gauge, etc.). Explanations are mostly clear but may include minor ambiguity, jargon, or uneven clarity.
1.00-1.75	Findings are accurately determined using the appropriate Multipoint Inspection tools (e.g., tire tread wear gauge, brake pad wear gauge, etc.). Explanations are hard to follow, overly technical, or incomplete for a guest audience.
0.00-0.75	Findings are not determined using the appropriate Multipoint Inspection tools (e.g., tire tread wear gauge, brake pad wear gauge, etc.). Explanations of inspection findings are missing.

3. Service Recommendation & Urgency

Evaluates how effectively service needs and urgency are communicated.

Score Range	Performance Description
3.00	Recommendations are clear, appropriate, and aligned to urgency levels (e.g., Green / Yellow / Red).
2.00-2.75	Recommendations are provided, but urgency may be inconsistently framed or lightly emphasized.
1.00-1.75	Service recommendations are unclear, missing urgency context, or difficult for a guest to prioritize.
0.00-0.75	Service recommendations are missing or assumed to be approved.

4. Communication Clarity & Professionalism

Evaluates tone, demeanor, and overall communication style.

Score Range	Performance Description
3.00	Highly professional, confident, and guest-centric tone consistent with Lexus service standards.
2.00-2.75	Generally professional with minor issues in pacing, confidence, or delivery.
1.00-1.75	Communication lacks polish, consistency, or guest-friendly professionalism.
0.00-0.75	Communication lacks detail, is poorly framed, or unprofessional.

5. Organization & Video Flow

Evaluates structure, pacing, and logical progression of the video.

Score Range	Performance Description
3.00	Video flows smoothly with clear structure and efficient progression from start to finish.
2.00-2.75	Mostly organized but may include minor pacing issues or transitions that feel abrupt.
1.00-1.75	Not well organized, lacks a clear presentation or content “thread.” Confusing to view.
0.00-0.75	Disorganized flow; content feels scattered or inefficient.

6. Accuracy of Recommendations

Evaluates alignment between visual evidence and service recommendations.

Score Range	Performance Description
3.00	Recommendations are accurate, credible, and clearly supported by use of the appropriate inspection tools and what is shown on camera.
2.00-2.75	Recommendations generally align with visuals but may lack strong or explicit evidence.
1.00-1.75	Recommendations feel unsupported, unclear, or inconsistently tied to visual evidence.
0.00-0.75	Recommendations are not supported, or are poorly supported, by visual evidence.

Final Score Calculation

- Add all six criterion scores
- Maximum possible score: 18.00

In the event of a **tie**, the video that best demonstrates the **value of an MPI video in helping guests understand vehicle condition** should be ranked higher.

Optional Judge Comment Fields (Recommended)

- Overall Guest Experience Impression
- Strengths of the Video
- Opportunities for Improvement

Terms & Conditions

1. Technician winners and DS must be employed at the enrolled dealership, in the primary position of Service Technician as indicated on Staff Master, during the entire contest period and contest payout (May 4 – August 11, 2026).
2. Additional guests are not eligible to attend the payout trip.
3. No substitutions (cash or otherwise) for winners who are unable to attend the payout event.
4. Winners agree to videography/photography at the event.
5. Only one video submission per Technician is permitted. (NOTE: Multiple Technicians from a single dealership may enter).
6. One winner from each Lexus District.
7. One winner from each Lexus Area (from District winners).
8. Lexus Guest Experience will select the video that best represents the value of a video MPI to explaining vehicle service needs to a guest as the National winner.
9. All winners must sign a talent release form and agree to have their likeness and videos displayed by Lexus HQ.
10. Interpretation of competition rules and qualifications is at the sole discretion of Lexus and Toyota Motor North America.
